PROFILE

IT Undergraduate (SIBA Campus - Expected 2027) with hands-on experience building 4+ full-stack web applications using React, Angular, Laravel, and MySQL. Familiar with REST APIs, Docker, and AWS deployment. Seeking a Software Engineer Intern role.

PROJECT EXPERIENCE

UniHUB – University Student Platform

Angular, Laravel, MySQL | GitHub: <https://github.com/ShenaliRathnayake/UniHUB-Frontend> [link](#)

- Developed a full-stack university platform for managing courses, assignments, attendance, results, announcements, and academic activities.
- Implemented responsive UI, authentication, routing, reusable components, and REST API integration.

E-Commerce Web Application

React, Laravel, MySQL |

GitHub E-Commerce_Frontend : <https://github.com/ShenaliRathnayake/ecommerce-frontend> [link](#)

GitHub E-Commerce_Backend : <https://github.com/ShenaliRathnayake/ecommerce-backend> [link](#)

- Built a full-stack e-commerce application with product browsing, authentication, shopping cart, and admin management features.
- Integrated REST APIs with MySQL for product, user, and order data management.

Dockerized Web App on AWS

Docker, AWS EC2, Nginx, Ubuntu

- Containerized a web application using Docker and deployed it on an AWS EC2 server.
- Configured Nginx and Ubuntu for hosting and production deployment.

Interactive 3D Developer Portfolio | Live: <https://portfolioshenalirathnayake.vercel.app/>

React, Tailwind, Framer Motion, React Three Fiber | GitHub: <https://github.com/ShenaliRathnayake/Portfolio> [link](#)

- Developed a modern responsive developer portfolio with 3D elements, animations, interactive sections, and project showcases.

RELEVANT COURSEWORK

- Data Structures & Algorithms, OOP, DBMS, Operating Systems
- Web Development (React, Laravel), Computer Networks
- Software Engineering Principles & Agile
